

SYMBIOSIS

MODEL UNITED NATIONS CONFERENCE 2018

SYMUNC'18

DISCUSS
DELIBERATE
DEBATE

ABOUT SYMUNC

In today's world and the changing times, there is a need for more individuals who can think spontaneously to tackle first world issues, come forward and express their opinions in a way that can be capitalized upon for societal benefit. Training individuals with such potential from a young age today would mean giving birth to the leaders of tomorrow.

Symbiosis is all about expanding one's boundaries of learning, personality and skill development and thus, reaching higher levels of achievement and our students are well trained for the same. Symbiosis Centre for Management Studies, Noida, holds a MUN conference of its very own, every year by the name SYMUNC wherein a conscientiously chosen organizing committee takes it into their hands to ensure an enriching experience for every delegate that decides to take part in it. An enthralling choice of United Nations committees and one creativity and imagination based committee is all part of the deal. In addition, a judiciously chosen Executive Board to moderate the conference with absolute perfection.
